STRATEGIC GROWTH & 24/7 FRONT-OFFICE PROPOSAL

PRO-TECH AIR SERVICES LLC

24/7 Operations, Speed-to-Lead & High-Converting Web Infrastructure for Miami-Dade

PROPOSAL DOSSIER & PARTICIPANTS

Prepared By:

Carter Mccullohs

Founder & Managing Director

VantorX Solutions LLC · Digital Operations for Trades

Prepared Specifically For:

Carlin Oates

Owner, PRO-TECH AIR SERVICES LLC

540 NW 111st, Miami, FL 33168 · Date: November 13, 2026

PRIMARY TRADE

HVAC & AC Emergency Repair

TARGET TERRITORY

Miami-Dade & South Florida

BLENDED AVG TICKET

$2,200 (Service to System)

THE PROBLEM · SOUTH FLORIDA HVAC REALITY

The Math Behind The Voicemail Graveyard

In Miami's 92° heat & 85% humidity, an AC outage is not a routine call — it's an urgent emergency panic call. Homeowners refuse to wait.

AVG SERVICE REPAIR

$550

Capacitors, fan motors, freon leaks, drain line clears, and weekend diagnostic fees.

FULL SYSTEM REPLACEMENT

$8,500

Complete 3 to 5-ton heat pump or straight-cool condenser & air handler replacement.

3 MISSED CALLS / MONTH

-$25,500

Direct revenue lost every 30 days when emergency calls roll to voicemail while crew is on a job.

🚨 **The Miami Voicemail Rule:**

Homeowners never wait for an HVAC contractor to listen to voicemail at 6:30 PM. The moment they hear your beep, they immediately hang up and click the next sponsored ad on Google Maps. **Whoever answers on Ring 1 wins the $8,500 job.**

PILLAR 1 · SUB-SECOND MOBILE CONVERSION ARCHITECTURE

What Carlin's Custom Pro-Tech Website Looks Like

Most contractor sites take 4 to 6 seconds to load and hide the phone number. Our custom architecture loads in 0.6s with classic clean HVAC white & royal blue accents.

BUILT FOR SOUTH FLORIDA CONVERSION

⚡ Sub-Second 0.6s Load Speed

Loads instantly on 5G phones when a homeowner is standing in an 88° house.

🧮 Interactive Ballpark Cost Estimator

Allows Miami homeowners to select their issue, get price expectations, and enter their phone number before leaving.

📞 1-Tap Emergency Calling

Large floating 24/7 emergency dispatch button triggers Ava or Carlin's line in 1 click.

🎨 100% Fully Customizable:
Colors, logos, truck graphics, warranty badges, and diagnostic pricing can be customized to Carlin's exact preferences.

Live high-converting responsive layout · Fully compliant with Google Core Web Vitals Grade A

PILLAR 2 · 24/7/365 AI VOICE RECEPTIONIST

Never Lose Another Emergency Job to Missed Calls

Ava is not an answering service. She is an intelligent voice receptionist trained specifically on South Florida HVAC emergencies.

1-Ring Instant Pickup 24/7/365

No hold times, no robotic phone menus. Human-grade conversational flow.

Bilingual Spanish & English

Auto-detects caller language in 0.4 seconds. Crucial for Miami-Dade.

Instant Priority SMS Tech Alert

Carlin's phone buzzes with caller name, address, and AC issue in <10 seconds.

Live Calendar Booking & CRM Sync

Schedules emergency diagnostic slots directly onto Google or Outlook calendar.

LIVE TRANSCRIPT SIMULATOR (MIAMI, FL)

Ava: *"Thank you for calling Pro-Tech Air Services, Miami's 24/7 air conditioning emergency team. My name is Ava. I see you're calling our Miami office — is your AC currently blowing warm air or leaking water, or are you calling to schedule routine maintenance?"*

Homeowner: *"Water is dripping through our hallway ceiling from the air handler! It's 87 degrees inside and getting worse."*

Ava: *"I understand completely, that is an urgent priority. I have our on-call Miami technician alerted. What is your street address so I can dispatch Carlin's crew right away?"*

0.8s Ultra-Low Latency Voice AI

✓ 100% Call Capture

Ava operates 365 days a year · Never calls in sick · Answers unlimited simultaneous calls

INTERACTIVE PROOF · TEST IT RIGHT NOW

Don’t Take My Word For It. Dial AVA Live.

Carlin, grab your phone right now. Put it on speaker. Let's make a real test call to the VantorX Voice AI Engine so you can experience what your customers will hear at 9:00 PM tonight.

LIVE PRODUCTION DIALER LINE:

(561) 813-8602

Call on speakerphone. Tell Ava your AC in Miami is leaking water all over your hallway. Test her in English or Spanish. Watch how she handles the emergency and books you in.

LINE ACTIVE 24/7/365 · ZERO DELAY

THE ROLLOUT · 48-HOUR ONBOARDING GUARANTEE

How We Go Live In Under 48 Hours With Zero Friction

You don't have to change phone companies, switch email, or take time away from jobs. We plug seamlessly into your existing setup.

1. PLUGS INTO EXISTING PHONE LINE

Zero New Numbers or Hardware to Buy

Carlin keeps his exact business phone carrier. We set up simple Conditional Call Forwarding (*71). Ava only picks up when his crew is busy or after hours.

2. PLUGS INTO EXISTING DOMAIN & CRM

Zero Email Disruption or Data Transfer

We point to your web domain without touching your business email. Direct webhook integration connects with ServiceTitan, Jobber, Housecall Pro, or Google Calendar.

3. THE ONLY DETAIL WE NEED IS PRICING

5-Minute Simple Intake (We Do 100% of the Work)

Carlin only gives us his standard diagnostic fee and service radius. Carter and the VantorX engineering team handle all AI prompt training, schema code, and mobile speed optimization.

4. THE 48-HOUR HANDSHAKE TEST CALL

Live Speakerphone Verification Before Going Live

Within 48 hours, we do a 5-minute test call together. Carlin dials his line, tests Ava live, verifies the SMS lands on his cell, and gives the green light to turn it live!

Ready to lock in Carlin's Miami territory?

Choose your package below — launch within 48 hours with guaranteed 24/7 call capture.
